

Comments for the FCC

I would like to make several comments regarding the FCC's Localism campaign.

I'm part of an incredible global community which also serves the local community in which I live. The community I am referring to the "K-LOVE Community." We're a ministry of Christian believers who have banded together to support one another in a world where it is becoming increasingly difficult to live as one of GOD's chosen people. We are constantly being bombarded with negative, sexually-based advertisements, magazines, programs, etc.

K-LOVE is so much more than "just" a radio station - they have a full-time staff praying for anyone who turns in a prayer request - four times a day. K-LOVE receives over 20,000 prayer requests every month and they pray for each and every one of them! K-LOVE ministers to listeners who are struggling with issues such as suicide, drug abuse, physical abuse, death, addictions and salvation. K-LOVE has brought over 8,000 people to the LORD in a year's time. They are providing a much needed service to the community- K-LOVE is one of GOD's global ministries!

The effect of displacing K-LOVE by an LPFM broadcaster would be to no longer provide a consistent, daily message of positive and encouraging music, news stories and radio personalities, which I have had the privilege to listen to for almost two years. Without this radio station, I don't know where I would turn for the encouragement I need so badly in my walk with our LORD. I have been playing K-LOVE in my home 24 hours a day, 7 days a week for almost two years now.

What K-LOVE does is more than just being in the public's interest - it's a public necessity in a world torn apart by terrorism, daily bombings, murder, beheadings kidnapping, etc. Let me ask you how many positive stories do you see on the TV or hear on a radio station? Can you remember the last one you heard about? I can!

Listening to K-LOVE, I can listen to positive and encouraging songs, stories and conversation every minute of every day! There are so few options to turn to in this world in order to be encouraged, please don't take my K-LOVE away - and please don't negatively impact what they are doing - they're doing GOD's work.....saving lives.....

From a loyal K-LOVE listener,
